# CHECK-LIST
# DAFFODIL HILL

## THINGS TO DO AHEAD OF TIME FOR DAFFODIL HILL

- ❑ Check all nails for neat manicures.  Chipped nail polish on little girls should be removed or touched up.
- ❑ Remove all kiddie tattoos and stamps.
- ❑ Get haircuts for kids, if necessary.

## YOUR CLOTHING CHECK-LIST and TIPS

- ❑ Bring all items of clothing, including: sweaters, jackets, cardigans, shrugs or other "top" layers.
- ❑ Shoes!  Make sure you're happy with the shoes you have selected for the outfits.  Bring a couple of options if you're not sure.
- ❑ Pay special attention to boys' shoes.  *Especially boys' sneakers etc.*  Darker shoes look better than white sneakers.  It may be worth it to get a pair of "nicer", dressier shoes for boys (even with jeans).  *I always grab a new pair of darker shoes for my boys when shooting them, as I have made the mistake of having them wear their slightly worn "school" shoes – not pretty in pictures.*  I also suggest avoiding sneakers with bright colors or cartoon characters.  I generally grab a pair of brown, navy or black Converse (or similar) lace-ups from Target – works great and cheap.
- ❑ Dark socks with dark shoes.

## CLOTHING IDEAS

- ❑ Bright, fun clothing looks great at Daffodil Hill.
- ❑ For girls, think cute sundresses, with cardigan sweaters. Or shrugs over dresses.
- ❑ Denim skirt with tights and fun tops are always great.
- ❑ Accessories are always fun – hats, sunglasses can certainly be incorporated in to some pics.
- ❑ Jeans and feminine tops are great on girls too.
- ❑ Boys – jeans and button down shirts are great.  So are khakis or brown pants with shirts.
- ❑ Sweater vests over shirts look great too, as well as jackets for layering.
- ❑ If the weather is great – cargo pants and casual roll-up pants are super-cute too!

# THINGS TO BRING WITH YOU

- ❑ all pieces of your outfits (hats, shoes, sweaters, accessories, scarves, hair goodies etc.)
- ❑ tissues for runny noses
- ❑ chapstick for dry lips  (good idea ALWAYS!)
- ❑ wipes
- ❑ hairspray, hairbrush
- ❑ make-up for touch up (lipstick, powder etc.)
- ❑ blanket for wet ground
- ❑ water and snacks for kiddies (cheerios, goldfish, cookies, whatever works!)
- ❑ payment for Monica ☺
- ❑ model release for new clients – click here for link (may need to reload page)
- ❑ candy to bribe kids ☺

*(Tip:  candy treats (aka "bribes") should be small and quick to eat, like "Smarties" candy or TicTacs. M&M's and chewy candy (like gummy worms, Sweedish fish, gummy bears etc.) are messy and take LONG to chew if we need to use mid-shoot bribes!  Those are fine for the end of the shoot, of course!*

# LAST MINUTE CHECKS WHEN YOU GET TO SHOOTING LOCATION – ALL SHOOTS

- ❑ Do a quick close-up check of TEETH – if you've been eating a quick snack on your way, you might wanted to double-check that those poppy seeds aren't stuck in your teeth!
- ❑ Guys – please empty your pockets of wallets, cell phones and car keys.  (I'm happy to hang on to your keys while we shoot, if you like).
- ❑ Mamas and young girls – please check your wrists for unwanted hair bands and bracelets.
- ❑ Ladies – please check necklace clasps, which have a habit of creeping around your neck.  (And continue frequent checks throughout the session).
- ❑ CHAPSTICK!!!  Please slap on some chapstick on all kids' lips!  Cracked lips = yucky close-ups of cute kids ☹
- ❑ Parents please check crusty or snotty kiddie noses too ☺
